FANNIN FEDERAL CREDIT UNION

2022 ANNUAL MEETING
Thank you for attending

We held our Annual Meeting on March 22, 2022 at 5:15 pm at the Multipurpose Complex. There were 103 in person and 89 online members present. Board President Wes Roberts presented a PowerPoint overview of the year 2021. After the presentation and introduction of officers, door prizes were awarded by random drawing. We gave away $2,000 in cash door prizes. Members took home hundreds, fifties and twenty dollar bills. There were two positions on the board of directors up for re-election: John Ed Shinpaugh and Lynnette Lackey, currently hold these positions. Both ran unopposed, and were re-elected by acclamation.

One of the benefits of being a credit union member is that you get to attend the annual meeting and vote for the people you want to serve on the Board of Directors.

Our Board members are all credit union members who have graciously volunteered their time to serve the credit union and the community.

Thank you and hope to see you all next year!!

New Text Message

Along with many other great features our new debit cards have brought us comes Fraud Alert Text Messages. Our fraud company will send you a text message asking whether a transaction is one you made and you can simply reply yes or no. Replying yes will allow the transaction to go through and keep your card active, while replying no will turn your card off and block the transaction in question. They will also try to call and email if they can't get a reply by text message.

SecurLock Equip App

With warmer weather comes the time for travel and vacation! One of the features of our new debit cards is an app called SecurLock Equip. This app allows you to monitor your card's usage by being notified when you card has been used. You can also turn off your card if you misplace or loose it and turn it back on if you find it. Another great feature is that you can set your own travel notices! You no longer have to worry about calling us to let us know you are going out of state; you can either let the app follow your location so it will know you are where your card is being used, or set zip codes and areas where you will be traveling. If the app denies a transaction you are trying to make, it will allow you to approve it and try again.

Privacy Notice

Information we receive from you on applications or other forms; information about your transactions with us, our affiliates, or others; and, information we receive from a consumer-reporting agency.
